DECLARATION

I certify that the MIPS CPU, associated documentation and VMC licenses (hereafter Imagination products) licensed to my organisation through the Europractice project will only be used in strict accordance with the terms of the Europractice – Imagination End User license Agreement (EUA) that is signed by my organisation. I further certify that any staff or students given access to Imagination products will be made fully aware of the terms of the EUA and in particular the obligations to keep the Imagination products confidential and that the Imagination products may not be used for any commercial purposes and that any IP created cannot be re-assigned to any third party.

I agree that my organisation will keep full and accurate records of all persons that will be given access to the Imagination Products so as to comply with the requirements of the License terms (EUA) to keep confidential and control access to the Imagination Products.

I also acknowledge that the Imagination products are subject to the export control regulations of the United States including but not limited to Export Administration Regulations ("EAR") and sanctions regulations of the U.S. Department of Treasury, Office of Foreign Asset Controls, plus those of the European Union or the country of my own organisation. I agree that I will comply with these laws and regulations. Part of these regulations include the restriction that the Imagination products may not be made available to any national of any country identified in Country Group E as defined in the United States EAR (currently Sudan, Syria, Cuba, Iran and North Korea).
