8th Annual International Microelectronics Olympiad

The 8th Annual International Microelectronics Olympiad of Armenia will be hosted by the University of Technology and Arts, the central hub of science and education in Armenia and one of the leading research and educational centers of the region. The Olympiad is a knowledge-based, written test conducted in two levels. The first stage is held locally in each participating country, and the second stage is held in Armenia. One winner from the first stage in each country is sponsored to fly out and participate in the final stage held in Armenia.

Topics of the Olympiad include:
- Digital IC Design and Testing
- Analog and Mixed Signal Design and Testing
- VLSI and Computer-Aided Design
- Device Characterization and Technology
- Computer Architecture

Registration: Applications are due by April 15, 2013.

To participate in the first stage of the Olympiad, please submit applications no later than April 15, 2013 to microelectronics_olympiad@synopsys.com.

For any other questions, contact univmarketing@synopsys.com.

Register Now for IEDEC 2013!

The Interdisciplinary Engineering Design Education Conference (IEDEC) is an educational contest intended to spotlight the world’s brightest emerging engineers. IEDEC features keynotes and invited talks by industry and academia experts and over 40 technical presentations covering critical issues related to excellence in interdisciplinary engineering design education. IEDEC 2013 will be held on March 4-5, 2013.

Curriculum

The following new and updated courses are now available. Visit Curriculum online to receive directly.

- Advanced IC Physical Design - Updated!
- Computer Architecture - Updated!
- Information Security - Updated!
- Advanced IC Physical Design - Updated!

Upcoming Events

- IEEE International Midwest Symposium on Circuits and Systems (MWSCAS) 2013
  - Due By: April 1, 2013
- IEEE International Symposium on Circuits and Systems (ISCAS) 2013
  - Due By: March 11, 2013
- IEEE International Conference on Computer-Aided Design (ICCAD) 2013
  - Due By: April 8, 2013
- IEEE/ACM International Conference on Simulation of Electronic Systems (SPECTRUMS) 2013
  - Due By: April 11, 2013
- International Conference on Computer-Aided Design (ICCAD) 2013
  - Due By: April 13, 2013
- Avicchia Symposium on Electronic Design Automation (ADES) 2013
  - Due By: April 22, 2013
- International Workshop on Power and Timing Modeling, Optimization and Simulation (PATMOS) 2013
  - Due By: April 4, 2013
- IEEE International Symposium on Circuits and Systems (ISCAS) 2013
  - Due By: April 13, 2013

Call for Papers

- IEEE International Midwest Symposium on Circuits and Systems (MWSCAS)
  - Due By: March 11, 2013
- IEEE International Symposium on Circuits and Systems (ISCAS) 2013
  - Due By: March 11, 2013
- IEEE International Conference on Computer-Aided Design (ICCAD)
  - Due By: April 8, 2013
- International Conference on Computer-Aided Design (ICCAD) 2013
  - Due By: April 13, 2013
- Avicchia Symposium on Electronic Design Automation (ADES) 2013
  - Due By: April 22, 2013
- International Workshop on Power and Timing Modeling, Optimization and Simulation (PATMOS) 2013
  - Due By: April 4, 2013
- IEEE International Symposium on Circuits and Systems (ISCAS) 2013
  - Due By: April 13, 2013
