

**If you wish to send a draft copy to be viewed by the Microelectronics Support Centre, this does not need to be on headed paper but the final version MUST BE ON INSTITUTE LETTERHEAD AND SIGNED**

Date: xxxxxxxxxx

To: VendorName

**End Usage Statement for VendorName & BundleName licenses via EURO PRACTICE**

I confirm that the strictly non-commercial end usage intentions for the above tools, which my Institute would like to acquire via EURO PRACTICE, are as follows:

*Please provide a few paragraphs (1 side of A4 is usually sufficient) to give the vendor an overview of the purpose of your project and how you will actually use the tools that you would like to purchase. A one page statement is usually sufficient. The 2 lines beginning "I confirm" (see above and below) are mandatory.*

*Additionally for Cadence licenses you must include "None of the IP created may be licensed, sold, assigned or otherwise transferred to any third party, but shall remain vested at all times in the institute"*

I confirm that the end usage will be strictly non-commercial in its nature and within the terms of the EURO PRACTICE End User Agreement that my Institute will have in place at the time of purchasing these tools via EURO PRACTICE.

& Signature

& Position

**PLEASE SEND THE COMPLETED AND SIGNED STATEMENT TO THE MICROELECTRONICS SUPPORT CENTRE VIA E-MAIL [MicroelectronicsCentre@stfc.ac.uk](mailto:MicroelectronicsCentre@stfc.ac.uk)**
